

# MULTI-PURPOSE PROJECTION CARTS AND STANDS

## Use for Projectors and More

- The Universal Projector Cart handles any size projector up to 100 lbs. Two adjustable shelves place projector at optimum height for sitting or standing presentations. Includes integrated pencil tray and carpet casters for easy mobility. Optional side platform holds presentation or reference materials for added convenience.
- The OHP 75 Overhead projection cart on heavy-duty casters with locking mechanism, provides the presenter with the option to sit or stand during the presentation. Projector shelf has two height positions. Optional side platform holds presentation or reference materials for added convenience.
