Overhead Projectors

## HP-400HZ

### Overhead projector with owered zoom

1.5X power zoom, precise focus, unique optics design, easy set up, quick lamp changer, hi/normal lamp switch, "Whisper-quiet" cooling fan, tough aluminium die cast structure, foldable lens-head and column for compact storage.

Aperture Size	285X285mm (11.2X11.2in.)
Cooling	Forced-air cooling be motor fan
Dimensions	Folded: 250X368X450mm (9.8X14.5X17.7in.) Assembled: 650X368X450mm (25.6X14.5X17.7in.)
High/Normal Lamp Switch	Built-in
Light condensing System	Direct illumination system
Magnification	Normal Position x4.2~x10.6 Maximum Zoom Position x6~x15
Power consumption	500W
Power Source	AC single phase 50/60Hz
Projected Materials	Transparency and roll/Writing Roll Attachment(option)
Projection Lamp	36V 400W Halogen lamp (ANSI Code:EVD)
Projection Lens	f=248~368mm, x1.5 Powered Zoom (8-element lens)
Quick Lamp Change Device	Built-in
Safety Switch	Cut off power when stage cover is opened and while lens head is stored in the body
Safety Themal Cut-off Switch	Built-in
Tilting Angle	Adjustable up to 20
Weight	12kg (26.5 lbs)
